Funding and tender opportunities portal

[Registration and validation of your organisation - Online Manual - Funding Tenders Opportunities \(europa.eu\)](#)

The Funding & Tenders Portal: screens and access to submission tasks

The Funding & Tenders Portal is your entry point to the Online Submission Service. It allows you to carry out the following actions:

- Familiarize yourself with the overall research and innovation grant process by first consulting the **How to participate** tab on the Portal.
- Decide on the funding opportunity that you want to apply for.
- Select your Partners – check Partner information in the **Participant register** section.
- Register as a user for the EU Services by creating an EU Login.
- Register your organisation and your Partner organisations in the [Participant register](#) section.
- Log into the Funding & Tenders Portal and select your topic to access the Online Submission Service.
- Use the Manage my area, My Proposal(s) and My Organisation(s) pages to access your draft and submitted proposals.

Funding & Tenders Portal: before you log in

[Create](#) an EU Login or, if you already have an account, log in with your registered email address. Before logging in, familiarize yourself with the grant process, the funding opportunities and check the Partner information:

EU4HEALTH PROGRAMME II

[EU4Health | European Commission \(europa.eu\)](https://europa.eu)

About the programme

EU4Health is the EU's response to COVID-19's impact on medical and healthcare staff, patients and health systems in Europe. The new programme will go beyond crisis response to pave the way for a stronger, healthier and more resilient Health Union. EU4Health is the largest health programme ever and will invest over €5 billion over seven years (2021-2027) to improve health in the Union.

EU4Health aims to

- boost the EU's preparedness for major cross-border health threats
- promote disease prevention
- strengthen health systems
- train health workers
- invest in digital health

The Programme will increase access to healthcare for vulnerable groups, and to affordable medicines and medical devices for all. EU4Health will address long-term health threats such as cancer, antimicrobial-resistant infections and declining vaccination rates.

Legal entities from a Member State, an overseas country or from a third country associated with the Programme, or any international organisation are eligible. Some exceptions will apply.

[Programme website](#)

EU4HEALTH PROGRAMME III

- [EU4Health 2021-2027 – a vision for a healthier European Union | Public Health \(europa.eu\)](#)

EU4Health 2021-2027 – a vision for a healthier European Union

EU4Health is the EU's ambitious response to COVID-19. The pandemic has a major impact on patients, medical and healthcare staff, and health systems in Europe. The new EU4Health programme will go beyond crisis response to address healthcare systems' resilience.

EU4Health, established by [Regulation \(EU\) 2021/522](#), will provide funding to eligible entities, health organisations and NGOs from EU countries, or non-EU countries associated to the programme.

❖ Areas of action

With EU4Health, the EU will invest €5.3 billion in current prices in actions with an EU added value, complementing EU countries' policies and pursuing one or several of EU4Health's objectives:

Improve & foster health in the Union

Protect people in the Union from serious cross-border threats to health

Improve medicinal products, medical devices & crisis-relevant products

Strengthen health systems

USER ACCOUNT

Online Manual

My Area — User account and roles

EU Login

Roles and access rights

Accepting the Terms and Conditions of Use

Getting access to My Area

The EU Funding & Tenders Portal ('Portal') is the central electronic portal for all EU funding and tenders.

It is managed by the European Commission and used by itself and other EU services (together 'EU') for their grants, prizes and procurements.

The Portal has two parts: A public section with general information (*Funding Opportunities, Reference Documents, etc.*) and My Area, which is a secured, personalised section (Portal electronic exchange system) used by the participants for managing their proposals and grants/contracts.

For security reasons, access to My Area is based on:

- **EU Login account** — unique identifier for individuals. All you need to open an EU Login account is your work e-mail address.
- **Roles & access rights** (Identity and Access Management System — IAM)
- **PIC number** — unique identifier for organisations. This 9-digit number is received after you register in the Portal [Participant Register](#).

In My Area you can:

- get access to non-public information on your proposals, projects/contracts, organisations, etc.
- [register](#) in the Participant Register and update your organisation/natural person data
- sign contracts, submit reports, cost claims, invoices and receive payments
- communicate with the EU services about your ongoing projects/contracts
- for experts working with the EU services: register, sign contracts, manage tasks, submit cost claims and receive payments
- for external audit firms working with the EU services: register and manage tasks

Individual users:

- have to register as a user only once
- will be asked to agree to the [Portal Terms and Conditions](#) on their first login
- will have specific [access rights](#), depending on their roles in the organisation/projects/contracts

Organisations:

- will be asked to agree to the Portal Terms and Conditions when they [appoint their LEAR](#).

Participant register I

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

[Search a PIC](#)

Register your organisation

To register your organisation or as a natural person, you need to login into the system. If you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it handy for the registration procedure. To start registration, click on the button below.

[Register your organisation](#)

Participant register II

Register in the Participant Register

If you want to participate in a project proposal, your organisation needs to be registered in the [Participant Register](#) of the [Funding & Tenders Portal](#) and have a 9-digit [Participant Identification Code \(PIC\)](#).

You can [verify whether your organisation is already registered and has a PIC on the Funding & Tenders Portal](#). If not, you can start the registration process on the same page and, once completed, get the PIC to be quoted in your proposal and in any correspondence with the Commission.

If your proposal is successful, you will receive a notification that your proposal is selected for funding. When needed, the Commission will ask you to:

- provide supporting documents to confirm the information declared during the registration of your organisation ([validation of the legal entity](#))
- appoint a "Legal Entity Appointed Representative" (the so-called "[LEAR](#)")
- provide supporting documents to verify the [financial viability](#) of your organisation

Submit a proposal

Proposal submission

Proposals must be submitted electronically using the **Portal Submission System**.

Where? Access to the Submission System is available through the Topic page on the Portal > Start Submission.

Who? Proposals must be created and submitted by a contact person of the coordinating organisation. Exceptions exist for some programmes/types of action which are fully focused on individuals (*e.g. the Principal Investigator in Horizon Europe ERC grants or the Fellow in Horizon Europe MSCA grants*).

How? The **Submission wizard** will guide you step-by-step through the process. You will need to use the online forms and templates available in the Submission System. The application form is described below.

[Submit a proposal — Electronic Submission System - Online Manual - Funding Tenders Opportunities \(europa.eu\)](#)

Application forms

Application form (Part A and B)

Proposals are submitted using the application forms available in the Submission System. The **application form** is structured in into two parts, Parts A and B:

- **Part A:** contains the structured Administrative Forms with data on the participants, legal declarations and contact persons (retrieved from the Submission System screens). It may also include some programme-specific questions.
- **Part B (the narrative part):** Technical Description of the project with the planned activities, work packages, costs, etc. (must be uploaded as PDF).

Part A is generated while entering the data into the Submission System; Part B needs to be prepared in advance (using the template downloaded from the system; do NOT use the standard template from the Topic page).

Part B will also include annexes and supporting documents if required by the call conditions (*detailed budget table, declarations from national authorities, CVs, annual activity reports, etc.*)

⚠ All participants can contribute to the parts, but it is the person from the coordinating organisation who created the application the one to finalise and submit the application.

Tasks of the Coordinator:

- **Mandate:** Make sure that you have the mandate of all participants to submit the application (explicit agreement to participate).
- **Quality check:**

Check that the application is coherent and that Part A and B are consistent (especially budgetary information).

Make sure that the template has been followed and all sections are completed; make sure that no annexes are missing.

[Submit a proposal — Electronic Submission System - Online Manual - Funding Tenders Opportunities \(europa.eu\)](#)

Access to proposals

Access to proposals

The proposals will remain sealed and closed until after the call deadline.

However, in order to plan the evaluation process (*organise translations, evaluation capacities, evaluators with specialist knowledge*) will ask you for permission to access to certain information already before:

- call title and topic for which the proposal is submitted
- title of your application, proposal abstract, keywords
- PICs of the participating organisations
- relevant panel (for proposals submitted to specific panels, *e.g. Horizon Europe MSCA, UCPM*).

⚠ A warning will inform you that the Granting Authority will be accessing this information and will give you the opportunity access.

Working as an expert HOW TO

Introduction

The Commission and, where appropriate, its funding bodies (e.g. its Agencies and Joint Undertakings) - hereafter "the Commission" - makes use of different types of independent experts to assist with the implementation, evaluation and monitoring of H2020 and other funding programmes. These include:

- Evaluators of proposals/prize applications
- Observers of an Evaluation
- Chairs and Vice-Chairs assisting with an Evaluation
- Ethics evaluators
- Monitors of Grant Agreements/Decisions
- Ethics monitors
- Members of Expert Groups and Individual Experts who assist with the implementation, evaluation or design of policies
